Google Analytics | Google Tag
Manager | Google Ads
ClickUp | Monday | Claude Code |
Claude Design | **End-to-end
Ownership**

LANGUAGE

Spanish - Native
English - Fluent

SUMMARY

Web Developer & Designer with 4+ years turning complex business problems into conversion-focused websites for B2B and DTC brands. Bilingual (English / Spanish), based in NY.

I thrive on hard problems — debugging cross-platform issues, architecting scalable systems, and finding the simplest solution to messy requirements. Equal parts strategic thinker and hands-on builder.

Core stack: HTML, CSS, JavaScript, React.js, SQL. Fluent across Webflow, Shopify, and WordPress when projects call for it.

Specialized in: programmatic SEO architecture, paid-ad landing pages with UX/CRO focus, API and CRM integrations (GoHighLevel, WPForms, Wellness Living), and AI-powered development workflows (Claude, Claude Code).

Founder of Saredi Jewelry — a DTC brand I run end-to-end (brand, web, ops, marketing).

EXPERIENCE

SENIOR WEB DEVELOPER

FRONT-END WEB DEVELOPER

Studiogen, New York, NY

September 2025 - Present

- - Translate Figma references and business requirements into production-ready code.
- Architect programmatic SEO systems (Next.js App Router, generateStaticParams) and integrate APIs, webhooks, and CRMs (GHL, WPForms, Wellness Living).
- Design and ship landing pages optimized for paid acquisition, with UX and CRO as non-negotiables.
- Manage DNS, domains, and Cloudflare configuration for site launches, migrations, and performance optimization.
- Operate AI-powered workflows with Claude, Claude Code, and Claude Design to compress delivery timelines without compromising quality
- Own projects from ClickUp planning through launch and post-launch optimization.
